## Course Overview

The Qualifi Level 4 Diploma in IT – E-commerce programme has been created for learners who wish to develop a broad base of knowledge and skills that will enable them to work in a variety of roles in the information technology industry, notably in e-commerce.

The technical skills and knowledge delivered through the successful achievement of the qualification are required and recognised internationally.

Learners must achieve all four core units and two elective units.

## Mandatory Units

- Information Technology and IT Ethics
- Mathematics and Statistics for IT
- PC Maintenance and Operating Systems
- Computer Graphics Editing and Database Concepts

## Elective Units

- Graphical User Interface
- Programming Concepts and Java for Android Programming

## Progression Pathways

Upon completing this Level 4 diploma, learners can progress to Qualifi Level 5 diplomas in IT, or the second year of undergraduate study in computer science, information technology or a related subject. Learners can also step directly into employment in an associated profession.

## Entry Requirements

Learners will be expected to possess qualifications at Level 3, for example 'A' Levels or vocational awards. Or learners should have spent some time in an organisational role and shown they have capability and drive to develop.

"Qualifi has helped me to progress & complete my higher studies in a short time period and it's so flexible to study. I've gathered a lot of knowledge and I'm so thankful to everyone who helped at Qualifi."
